

Nanologic Serie MED 800 Overall
Item number: NSM01-S-00-011

Weight: 65g / sqm
Material: Nanologic®

Seam type: stitched

Product Highlights

- CE marking - category III: Personal Protective Equipment (PPE)
- Type-tested & Certificated
- Lightweight design with hood, zipper at front opening covered by flap, knitted cuffs,
- Additional elasticated ankles, hood and waist
- High barrier function against chemicals, CMR drugs (e.g. cytostatics) and biological agents according to Type 5-B and 6-B.

CE Approval

Protection from chemical hazards 	Sign for the protection from chemical hazards according to DIN EN 374 and DIN EN 340. This applies esp. for protective gloves and protective clothing for the use with CMR drugs (e.g. cytostatics).	EN 14126:2003 	Type 5-B, 6-B (Performance requirements and tests methods for protective clothing against infective agents)
EN 1073-2:2002 	Protective clothing against radioactive contamination - Part 2: Requirements and test methods for non-ventilated protective clothing against particulate radioactive contamination	EN ISO 13982 -1:2004+A1:2010 	Protective clothing for use against solid particulates - Part 1: Performance requirements for chemical protective clothing providing protection to the full body against airborne solid particulates (type 5 clothing)
EN 1149-5:2008 	Protective clothing - Electrostatic properties - Part 5: Material performance and design requirements	EN13034: 2005+A1:2009 	Protective clothing against liquid chemicals - Performance requirements for chemical protective clothing offering limited protective performance against liquid chemicals (Type 6 and Type PB [6] equipment)

Areas of Application

- Labor work
- Industrial cleaning and maintenance
- Disposal of contaminated waste (e.g. asbestos)
- Inspection and overhaul work
- Construction work
- Chemical - / Pharma industry

Against:

- Particles
- Light spray mist
- Fibers

Size	Chest	Height
S	84 – 94	160 – 170
M	94 – 104	170 – 175
L	104 – 114	175 – 185
XL	114 – 124	185 – 195
XXL	124 – 134	195 – 200

Warning and Notes for care

Storage and transport requirements

- Dark (protect against UV light)
- Keep cool (+15 to +25°C) & dry
- No contact with pointed or sharp objects

Shelf life

- Non-sterile 10 years
- Sterile 4 years from date of manufacture

Do not wash

Do not Reuse

Do not iron

Do not tumble

Do not dry

Keep away from fire, or any sparks
